KORONA POS
for Convenience Stores

A cloud point of sale for small, growing merchants to national chains and franchises

Increase Loyalty
▸ Keep track of your customers and use gift cards and other loyalty building programs to drive repeat visits for one or all of your locations.

Promotions
▸ Set up discounts and prices in advance. The POS automatically applies them when criteria is met and has a best price guarantee when multiple discounts apply .

Promotions and Special Pricing
▸ Ring up products FAST with a barcode scanner, touch-screen quick keys or the powerful built-in search.

Custom Work Flows
▸ The POS adjusts to your workflows, not the other way around. Show only the functions you need, where you need them and boost efficiency.

Get Smart, Increase Success
▸ Use the extensive reports and statistics to get a clear picture of what drives more business.

Optimize Stock Management
▸ Maintain optimal inventory levels across all locations. Enjoy the simple inventory tracking processes and vendor management.

Web-based Back Office
▸ Keep track of everything from anywhere.
Enjoy working in the cloud by accessing every store's data from any internet-connected device
