

# KORONA POS

The most reliable and fast point  
of sale solution designed for  
convenience stores.

# Meet KORONA POS.

Developed by Combase USA, KORONA POS is a cloud-based point of sale software with a wide range of advanced features built to meet the needs of convenience store businesses. Our all-in-one solution is customizable, reliable, and easy to use. It's suited for high-volume retailers, from mom-and-pop shops to enterprise chains and franchises.

**COMBASE** 

 **KORONA POS**

“

Once the decision was made to switch over, everyone was very helpful in helping us to figure out how to get everything from our old c-store system into the new one. This made the transition smooth and easy on the staff.

Gain complete control over event and retail operations with an intuitive, user-friendly back office, KORONA Studio.

- ▶ **Monitor business performance in real-time**
- ▶ **Manage employee permissions**
- ▶ **View individual or multiple locations**
- ▶ **Advanced inventory management**
- ▶ **Track sales and revenue metrics**
- ▶ **And more!**

A photograph of three diverse women smiling and interacting in a convenience store. The woman on the left has blonde hair and is wearing a camouflage jacket. The woman in the middle has curly reddish-brown hair and is wearing a denim jacket. The woman on the right has long dark hair and is wearing an orange sweater. They are standing behind a counter with various items like bags of snacks, a bottle of soda, and a large water jug. The background shows shelves stocked with more products. The text "Convenience Store" is overlaid in white on an orange rectangular background, and "Point of Sale Features" is overlaid in white on a darker orange rectangular background below it. There are also decorative white wavy lines at the bottom of the image.

# Convenience Store

## Point of Sale Features

---

## **Age Verification**

Set up automatic age verification prompts on every transaction to ensure that each cashier is following all ID verification laws or best practices

---

## **Theft and Security**

Prevent loss and theft by setting customizable security features. Lock price changes, view cashier actions, voids, no sale tenders, and more

---

## **Build Loyalty and CRM**

Build customer loyalty and improve customer relationships with customizable point programs and industry-specific CRM integrations

---

## **In-Depth Reporting and Metrics**

Access comprehensive data and analytics in real-time to make data-driven decisions and optimize business performance through valuable insights

---

## **Simplified Employee Management**

Easily schedule shifts, track hours, and manage employee permissions

---

## **Franchise and Multi-location Compatibility**

Expand and scale retail operations while efficiently managing multiple locations or franchises from a single system

---

## **Seamless Integrations**

KORONA POS partners with various integrations to provide a more seamless and streamlined operational workflow

---

## **Special Pricing and Promotions**

Set up coupons, bundled deals, promotions, cash breaks, and mix & match, that are automatically reflected in reporting and any eCommerce channels

---

## **Fast Transaction Speeds**

Keep checkout lines moving fast. Process transactions quickly and efficiently, reducing customer wait times and improving overall customer satisfaction

# Complete Advanced Inventory Management System

KORONA POS offers the most powerful and sophisticated inventory management system for convenience stores.

## Import Products

Simply import large product databases quickly for all inventory and vendors as well as into new store locations or franchises

## Order Level Optimization

Analyze and recalculate ideal reorder levels based on purchase history, seasons, and trends. Optimize order levels for each product within seconds

## Handheld Inventory Tracking

Make counting inventory quick and efficient throughout the year with handheld scanners and real-time inventory counts

## Inventory Mobile App

Avoid spreadsheets and complicated imports by performing counts directly from the point of sale or via the KORONA POS inventory mobile app

## Automatic Ordering

Never run out of inventory, set automated order placements based on product par levels and avoid stockouts entirely

## Consolidated Product Database

With multiple stores, be able to manage and organize all inventory with just one consolidated product catalog

## Stock Notifications

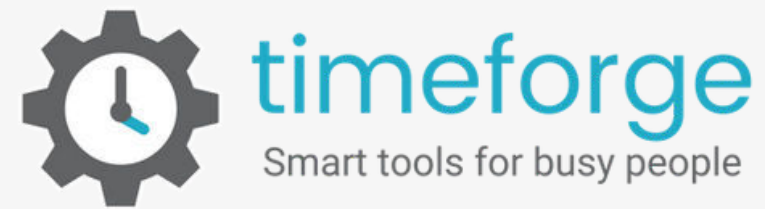

Get custom notifications and updates on low, over, and out-of-stock levels to help plan ordering and promotions

# Partners and Integrations

KORONA POS seamlessly integrates with some of the leading software services for ticketing and event businesses.
