 **KORONA POS**

“

Once the decision was made to switch over, everyone was very helpful in helping us to figure out how to get everything from our old c-store system into the new one. This made the transition smooth and easy on the staff.

- ▶ **Monitor business performance in real-time**
- ▶ **Manage employee permissions**
- ▶ **View individual or multiple locations**
- ▶ **Advanced inventory management**
- ▶ **Track sales and revenue metrics**
- ▶ **And more!**

A photograph of three young women smiling and interacting at a convenience store counter. The woman on the left has long blonde hair and is wearing a dark jacket. The woman in the middle has voluminous curly hair and is wearing a denim jacket. The woman on the right has long dark hair and is wearing an orange sweater. They are standing behind a counter with various items like a pizza, a bottle, and bags of snacks. The background shows shelves stocked with products. The text 'Convenience Store' is overlaid in white on an orange rectangular background.

**Point of Sale Features**

---

## **Age Verification**

Set up automatic age verification prompts on every transaction to ensure that each cashier is following all ID verification laws or best practices

---

## **Theft and Security**

Prevent loss and theft by setting customizable security features. Lock price changes, view cashier actions, voids, no sale tenders, and more

---

## **Build Loyalty and CRM**

Build customer loyalty and improve customer relationships with customizable point programs and industry-specific CRM integrations

---

## **In-Depth Reporting and Metrics**

Access comprehensive data and analytics in real-time to make data-driven decisions and optimize business performance through valuable insights

---

## **Simplified Employee Management**

Easily schedule shifts, track hours, and manage employee permissions

---

## **Franchise and Multi-location Compatibility**

Expand and scale retail operations while efficiently managing multiple locations or franchises from a single system

---

## **Seamless Integrations**

KORONA POS partners with various integrations to provide a more seamless and streamlined operational workflow

---

## **Special Pricing and Promotions**

Set up coupons, bundled deals, promotions, cash breaks, and mix & match, that are automatically reflected in reporting and any eCommerce channels

---

## **Fast Transaction Speeds**

Keep checkout lines moving fast. Process transactions quickly and efficiently, reducing customer wait times and improving overall customer satisfaction

# Complete Advanced Inventory Management System

KORONA POS offers the most powerful and sophisticated inventory management system for convenience stores.

## Import Products

Simply import large product databases quickly for all inventory and vendors as well as into new store locations or franchises

## Order Level Optimization

Analyze and recalculate ideal reorder levels based on purchase history, seasons, and trends. Optimize order levels for each product within seconds

## Handheld Inventory Tracking

Make counting inventory quick and efficient throughout the year with handheld scanners and real-time inventory counts

## Inventory Mobile App

Avoid spreadsheets and complicated imports by performing counts directly from the point of sale or via the KORONA POS inventory mobile app

## Automatic Ordering

Never run out of inventory, set automated order placements based on product par levels and avoid stockouts entirely

## Consolidated Product Database

With multiple stores, be able to manage and organize all inventory with just one consolidated product catalog

## Stock Notifications

Get custom notifications and updates on low, over, and out-of-stock levels to help plan ordering and promotions

# Partners and Integrations

KORONA POS seamlessly integrates with some of the leading software services for ticketing and event businesses.
