

KORONA POS

The reliable, all-in-one point of sale
solution designed for wineries of all sizes.

Meet KORONA POS.

Developed by Combase USA, KORONA POS is a cloud-based point of sale software with a wide range of advanced features built to meet the needs of wine shops and vineyards businesses. Our all-in-one solution is customizable, reliable, and easy to use. It's suited for high-volume retailers, from mom-and-pop shops to enterprise chains and franchises.

COMBASE 

 **KORONA POS**

“

We transitioned multiple software solutions looking to find something that would fully integrate while also helping us dig deeper into our sales data and manage our inventory more closely. KORONA POS has provided solutions for all of those things and made it so much easier to manage our business uniformly across all three tasting room locations as well as managing our Wine Club and online store.

Galena Cellars Vineyard and Winery

Cloud-based Software

KORONA POS is a cloud-based point of sale solution that enables businesses to manage their sales and transactions efficiently. Remotely access the point of sale and back office system, **KORONA Studio**, for complete flexibility and convenience.

Credit Card Processing Agnostic

KORONA POS seamlessly integrates with various credit card processors, allowing the freedom to choose the one that best suits winery and vineyard business needs.

BlockChyp, a favorite partner of KORONA POS, is a modern payment platform that enables businesses to succeed with their completely transparent pricing.

KORONA Studio

Gain complete control over wine and vineyard operations with an intuitive, user-friendly back office, KORONA Studio.

- ▶ **Monitor business performance in real-time**
- ▶ **Manage employee permissions**
- ▶ **View individual or multiple locations**
- ▶ **Advanced inventory management**
- ▶ **Track sales and revenue metrics**
- ▶ **And more!**

Streamline **Winery and Vineyard** Operations

One point of sale for tastings, wine clubs, gift shops, retail stores, and even restaurant table service.

Do more with KORONA POS by being able to manage the floor and ensure servers can keep track of their guests. Including tracking bottle inventory, even if sold wine by the glass!

Complete Advanced Inventory Management System

KORONA POS offers the most powerful and sophisticated inventory management system for wineries.

Import Products

Simply import large product databases quickly for all inventory and vendors as well as into new store locations or franchises

Handheld Inventory Tracking

Make counting inventory quick and efficient throughout the year with handheld scanners. Changes will be reflected across all stores in real-time

Stock Notifications

Get custom notifications and updates on low, over, and out-of-stock levels to help plan bottle ordering and promotions

Inventory Mobile App

Avoid spreadsheets and complicated imports by performing counts directly from the point of sale or via the KORONA POS inventory mobile app

Order Level Optimization

Analyze and recalculate ideal reorder levels based on purchase history, seasons, and trends. Optimize order levels for each product within seconds

Shipping Compliance

Take custom orders and delivery requests while ensuring bottle shipments across state lines are within full compliance.

Automatic Ordering

Never run out of wine products, set automated order placements based on product par levels, and avoid stockouts entirely

Consolidated Product Database

With multiple stores, be able to manage and organize all wine inventory with just one consolidated product catalog.
