

“

The employees at KORONA POS are honest and helpful while always being responsive and prompt. Unlike our last POS provider, they want our business to be enhanced by their product. The system is fully customizable and easy to use.

”

- Sean T.  
Retail Business Owner

“

KORONA POS has made running our business so much easier. The system allows us to enter and remove things from our inventory easily and frequently. We're always able to reach their customer service, who are responsive and quick with answers. Installation was easy to complete and our employees use the system with little trouble.

”

- Samantha B  
Non Profit Organization Executive Director

“

The KORONA POS software is great! It's fast, efficient, customizable, and has great reporting tools as well. We use it everyday to pull reports and look at our numbers. KORONA POS revolutionized how we did business in our museum gift shop.

”

- Jason M.  
Gift Shop Owner
